FTP Instructions

For Apple - Macintosh Users

(File transfer protocol)

Thank you for placing your order with PosterBox. To upload additional files or upload your file again please use our ftp server. If you require further assistance please call or email us.

Macintosh (Apple) Users

You will need FTP software such as Fetch, a free download from www.fetchsoftworks.com/downloads.html. Other FTP software is available. (Please be cautious when installing any software)

FTP Server: ftp.posterbox.com.au

FTP Username: fileupload@posterbox.com.au

Password: boxhead

Then drag and drop your file onto the window and it will upload.

When the upload is complete please email orders@posterbox.com.au or call 0450 526 727. Please let us know the names of the file(s). PDF is our accepted file format.
